Six Ways Kodak Service & Support Is Different and Better

1 Comprehensive coverage by Kodak Alaris-employed Field Engineers (FEs)

- No subcontractors; only expert, full-time service professionals
- Hundreds of smartly situated FEs nationwide

2 Greater knowledge for optimal service

- Kodak Alaris' FEs receive ongoing training on Kodak and OEM scanners
- They have access to key equipment information and software/firmware updates that others simply don't

3 Authentic parts from Kodak

- Many original replacement parts are available ONLY through Kodak Service & Support

4 ISO 9001:2008 certification

- Only Kodak Service & Support, among scanner service organizations, has met these stringent certification requirements

5 Defined escalation process + single-company accountability

- No finger pointing, because one company manages all service, escalations, and customer satisfaction

6 Local management, on top of every situation

- Deal with your primary FE, an expert you know and trust, and one who knows and understands your business
