

SceyeX A4 / A3

SceyeX A4 / A3 with PRIMEflash

SceyeX A4 / A3 - 6th Generation - with PRIMEflash

A professional high-resolution document scanner with a 10 megapixel resolution.

Suited for a fully automatic scan process and best scan quality for large amounts of documents. With the new PRIMEflash it furthermore allows reflection free scans even on glossy surfaces like magazines, envelopes, id-cards and more.

The camera electronics of the SceyeX 10 megapixel allow for razor sharp scan results in just 1 second. Scanned documents are saved as PDFplus if desired - including OCR text - completely automatically.

Along side the possibilities of the Basis Software Package,

- Save scans as JPEG, TIF and PDF
- Creation of multi-paged documents
- Save and manage documents in the file system
- Direct sending of scans by Email
- Direct output to printer/fax*
- TWAIN support

is the **Pro-Software Package**, which also offers an extended array of features.

With the Sceye Autoscan software, scanning without the touch of a button becomes possible. Moreover when the program is started, the document is simply placed in the laser outline - Sceye Autoscan triggers a snapshot by itself, straightens the document and crops it accordingly. Whole piles of any documents consisting of single or multipaged papers can be processed fully automatically - neither operation of the keyboard or mouse is necessary. Saving follows in PDFplus format at will. PDFplus files consist of the image data as well as the full text information of the document (OCR text). Perfect for a simple search by text content through Windows Search or Spotlight (Mac).

With the **Pro-Software Package** the following tasks are additionally possible:

- Save scans as PDFplus with full text OCR
- Fully automatic processing of document piles incl. automatic saving

*An installed fax driver is required.

SceyeX A4 with PRIMEflash

SceyeX A3 with PRIMEflash

Sensor	
Resolution	10 Megapixel
Scan modes	Colour, Greyscale, Black&White
DPI	100, 200, 300, 400
Capture size	A4 - 302mm x 226mm Business Card up to DIN-A3 (max. 320 x 435 mm)
Capture orientation	Portrait Landscape
Basic features	
Operating system	WinXP SP3, Vista (32/64), Win7 (32/64), Win8 (32/64), Win10 (32/64), Mac OSX 10.6.x or higher
Filetypes	Tif, PDF, Jpg
Multipage support	yes - create multipage files as TIF or PDFs
Filesystem	Store and manage your scans in your filesystem
Automatic Functions	Autobrightness, Automatic page-detection, Autorotate, Autocrop, Automatic white-calibration
Processing speed	Scantime: 1 second - image enhancement: 1-2 seconds
Instant email	+
Instant Print	+
SDK	available
Scope of supply and services	
Twain driver	(PC)
Sceye-RACE	(PC)
Sceye-Explorer	(PC)
Sceye-Workbench	(Mac)
Sceye-Sphere	(PC)
Autoscan	included
PDFplus	included
Warranty	3 years AUR
Scope of supply	Sceye / Carry Bag / Scanpad / USB-Cable / Driver-CD / 5V External Power Supply Sceye / Carry Bag / Scanpad / USB-Cable / Driver-CD / 5V External Power Supply / Sceye-elevation
WTS Support	supported
Webscan	supported
Device attributes	
Connectors	USB 2.0 high speed
Laser Projection	yes - Laserclass 1
Build-in light	PRIMEflash - reflection free flash, 20 times stronger than the standard build-in light. (incl. external power supply)
Status-LED	Red=Error - Blue-white=Ready - Colorchanging=Standby
Firmware	Upgradable firmware via USB 2.0
Power consumption	5V by USB 500 mA (2,5 Watt) for scanning; 2500mA (12,5 Watt) for scanning with external 5V power supply; 120mA (0,6 Watt) during Stand-By
Weight of Sceye	892g
Dimensions	45cm - 35cm - 10cm (opened)
Footprint	12cm - 10cm
Noise level	0 db
Service interval	Maintenance free
Packaging	
product packaging	white paperbox - 44 x 23 x 7.5 cm - 1.7kg
shipping package	shipping box (brown) - 46 x 25 x 9.5 cm - 2.0kg shipping box (brown) - 50 x 48 x 29 cm - 4.5kg
