

Do you or your customers use Cerner EPR systems?

With volumes of data increasing and the need to provide disaster recovery, it's comforting to know that Kodak Alaris products have been certified by Cerner to operate with their products off the shelf and without the need for expensive customization or features not being supported.

CERNER VALIDATED DOCUMENT SCANNERS – KODAK ALARIS

Our Scanners

Kodak Alaris has claimed the coveted BLI 2020 Scanner Line of the Year award from the analysts at Buyers Lab thanks to its...

- Superior image quality and OCR accuracy
- Versatile media handling capabilities
- Flawless reliability
- Simple user experience

From 5,000 to unlimited pages a day, Kodak Alaris is able to support you. Combine this with our Perfect Page and paper handling innovations and Kodak Alaris can keep your records management running, and add capacity where needed without placing a burden on your IT systems or people.

DESKTOP SCANNERS

- Multiple connectivity options from USB 3.0 to wireless and network scanners
- Connect to your day to day business processes with one button document capture with SmartTouch
- Extract accurate, high quality information with Perfect Page technology
- Deploy scanning infrastructure across your business with control and security using Easy Setup

DEPARTMENTAL SCANNERS

- Power through volumes of up to 25,000 pages per day with compact departmental workgroup scanners
- Prevent document damage and save time with Intelligent Document Protection that listens for and alerts you to potential problems
- Automate your document processing with built-in barcode reading & Kodak Alaris Perfect Page image processing

PRODUCTION SCANNERS

- Reduce processing costs with capabilities that put users in control
- Leverage up to 210 page per minute scanning speeds
- Experience peak productivity and image quality
- Sort documents with select models so post processing costs can be minimized
