

Kodak S3000 Series Scanners

# Built for today, ready for tomorrow

### A powerful, connected solution that meets your needs as you grow

Digitize vital information trapped on paper for use in your ERP and CRM systems. Or be ready for future technologies like RPA (Robotic Process Automation) to further streamline repetitive tasks and free up your workforce. Whether you're scanning to a file or folder or initiating a business process, **Kodak S3000 Series Scanners** set the new standard for capture accuracy, security, and ease for any industry.

### Exceptional image quality for superior accuracy

- Get sharper images to deliver more accurate data to applications via OCR, searchable PDF, and barcode reading
- Turn even poor-quality originals into crisp images with Perfect Page technology while scanning at rated speeds
- Streak removal, background smoothing, image edge fill, and more automatic image enhancements
- Verify all originals have been scanned with digital stamping on front or back of documents

### Unsurpassed protection for paper and data

- Advanced Intelligent Document Protection (IDP) and multi-feed detectors catch throughput problems and alert you before they become jams or misfeeds
- Straight-through or U-turn paper path with adjustable feeder pressure, and optional integrated flatbed for smooth, safe document handling
- Feed a wide array of sizes and weights in any batch
- Larger 300-sheet feeder and output tray, plus controlled exit stacking for mixed-batch handling accuracy

### Key advantages

#### Simplified start-up and scanning

Scan one sheet and you're ready for capture, large intuitive color touchscreen, personalized workflows, and Smart Touch technology to automate complicated tasks

#### On-board image processing

Slashes demands on your PCs to speed scanning and boost efficiency

#### Scan directly to apps

Import information directly into applications with TWAIIIN, ISIS, or RESTful API based scanning

#### Enhanced security

Secure-boot solution, encryption over wire for network traffic, and USB 3.2 Gen 1x1-compatible

#### One-year warranty

One-year warranty is applicable from the date of purchase of the scanner
