

Kodak i5650S and i5850S Scanners

Automate document sorting. Efficiently, neatly, and powerfully.

Because greater productivity is a must-have

Today, Business Process Outsourcing (BPO) firms and Service Bureaus need to deliver more and spend less while maintaining superior quality standards. With automated document sorting, efficient performance, and rugged durability, **Kodak i5650S** and **i5850S** Scanners deliver the flexible productivity you need to keep pace with how organizations work today.

Faster speeds. Smarter sorting. Streamlined workflows.

Start with an array of proven performance features, then add advanced document handling technology to maximize your productivity.

- With exclusive Dynamic Flow Technology, each scanner determines ideal memory allocation and processing paths, and finds the most productive way to scan and extract data.
- Get crisp, clear images, even with challenging originals, thanks to Perfect Page image processing.

Dependability focused on optimized uptime

Rugged construction, including steel-welded frames, means **Kodak i5650S** and **i5850S** Scanners are built for the long run(s).

- With SurePath Paper Handling, work flows reliably as documents from onion skin to heavy cardstock, even crumpled originals, stream through without hiccups or jams.
- The risk of document damage is greatly reduced with Intelligent Document Protection that listens for problems and alerts you before they become jams or misfeeds.

You're all about efficiency. So are we.

Pre- and post-manual scanning processes can add up to 75% or more of your total scanning costs. **Kodak i5650S** and **i5850S** Scanners let you power through stacks of mixed documents, in a single step, with output neatly separated and stacked.

- Quickly reuse patch sheets and organize multi-batch jobs with patch recognition and segregated mixed-size documents.

Simply smarter design and capabilities

Monitor multi-feeds on the PC and quickly choose to ignore, accept or rescan images from the scanner control panel. And with a graphic, intuitive user interface, repeated tasks are simplified.

Reliable scanners, reliable support

Get the best possible performance from your scanners and software with a full range of world-class Kodak Alaris services and support options to protect your investments and keep productivity at peak levels.

Adaptable solutions for your ever-changing workplace

Kodak Capture Pro Software provides intelligent batch capture capabilities that increase productivity and improve efficiency:

- **Intelligent Exception Processing** ensures immediate validation of forms so any missed information at the point of transaction is identified and fixed.
- **Intelligent Barcode Reading** produces the most accurate data extraction results and takes complexity out of the set-up process.

Enhance your investment with **Kodak** Info Input Solution, the industry's most intuitive web-based interface that automates and simplifies the journey from document arrival to processing quickly, accurately and reliably.
