

Tiered Services

Productivity, Proficiency and Peace-of-Mind

When you decide to buy a scanner from Alaris, you know you're investing in a best-in-class product with industry-leading technology. Caring for this investment is an equally important decision. Extend your advantage by relying on service and support from Alaris to deliver the performance you expect.

Tiered On-Site Service Plans

Our business depends on helping your business do great work. That's why our unique ability to serve our customers around the world with responsiveness, accuracy, and professionalism is unmatched in the industry. This value is available to you through our configured and customizable offerings.

Our on-site repair and maintenance offering covers all parts, labor and remote support. It is available in three tiers:

- **Essential** - the fundamental collection of maintenance and support options that enable the optimal operation of your scanners ensuring the productivity of your information management environment.
- **Advanced** - all of the value of the Essential tier plus extensions to key elements that enhance the overall value such as faster response times (where geographically feasible) and additional services.
- **Premium** - the Premium plan offers unparalleled convenience and value for mission critical applications where productivity and business continuity are of maximum importance. Additional Preventative Maintenance visits and premium response times are just the start.

Tiered Plans for Micrographics

Alaris offers one source for service on micrographic equipment from Canon, Eastman Park Micrographics, Kodak, and Minolta. We provide support for micrographic capture, retrieval, reader/printers, roll film carriers, and many other equipment types. With our extensive parts warehouse, 50+ years of technical support experience, and our geographical coverage, we can address your micrographics support needs.

For Micrographics products Alaris offers two on-site support tiers similar to the scanner on-site Essential and Advanced tiers.

Custom Plans

If one of these plans isn't exactly what you're looking for, we can work with you to create a custom repair package. Together we can create a cost-effective repair and maintenance program customized to your business needs.

By selecting Alaris Services, you're benefiting from the best service organization in the industry. Alaris puts you first by delivering an exceptional customer experience every time. Whether your business is large or small, global or local, you can rely on Alaris Services for dependable and flexible service options.
